

**Marco González**  
Graphic Designer

**About me:**

My name is Marco González and I'm a Graphic Designer from Cancun, Mexico.

I've studied Graphic Design in Italy at the **Civica Scuola Arte & Messaggio** Milano and have been working on different tasks (such as Editorial and Video editing) in Greenman Studio where I learned the basics of Motion Graphics.

I'm currently based in Munich, and I've just finished my German Course at the **Bayerische Akademie für Außenwirtschaft**.

I am looking for new opportunities in life and would like to improve my skills in 2d and maybe 3d Art! :) Therefore look for a position.
